SUBJECT No. 440.

Repair of the Ramanahalli Channel.

Mr. C. Srinivasa Rao of Chikmagalur Taluk.
The member was absent but others spoke.

Summary of discussion.—The Ramanahalli Channel may, it is requested, be repaired.

Reply of Government.—The Chief Engineer will be asked to expedite this matter.

SUBJECT No. 441.

Extension of the Bababudan Hill road.

Mr. C. Srinivasa Rao of Chikmagalur Taluk.
The member was absent but others spoke.

Summary of discussion.—The Bababudan Hill road may be extended towards the Pandarvalli village so as to meet the Yedahalli road.

Reply of Government.—Noted.

SUBJECT No. 442.

Repair of the Vastara tank.

Mr. A. Shama Rao of the Chikmagalur Taluk.

Summary of discussion.—It is requested that the Vastara tank may be repaired.

Reply of Government.—The project is making progress as the Deputy Commissioner states.

SUBJECT No. 443.

Water-supply to Mudgere.

Messrs. Sabju Sab and Timmasetti of Mudgere Taluk.

Summary of discussion.—Scarcity of water is still felt by the people of Mudgere, although two wells have been excavated by Government. The wells dry up in summer and the halla is half a mile from the town. It is therefore requested that arrangements may be made to supply water to Mudgere by means of pipes.

Reply of Government.—Will be investigated.

SUBJECT No. 444.

Construction of an anekat across the Bijuvalli halla.

Messrs. Sabju Sab and Timmasetti of Mudgere Taluk.

Summary of discussion.—The Bijuvalli halla, which is half a mile distant from Mudgere, discharges into the Hemavati river. An anekat across it near Kaduvalli will bring a large area of land under wet cultivation.

Reply of Government.—Will be referred to the Public Works Department for investigation.

SUBJECT No. 445.

Construction of a bridge across the Bijuvalli halla.

Messrs. Sabju Sab and Timmasetti of Mudgere Taluk.

Summary of discussion.—The Bijuvalli halla, which runs across the Mudgere-Belur road, is unfordable for six months in the year. It is requested that a bridge may be built over it.

Reply of Government.—This may be represented to the District Board.

SUBJECT No. 446.

Construction of a foot-bridge across the Hemavati near Phalguni.

Messrs. Sabju Sab and Timmasetti of Mudgere Taluk.

Summary of discussion.—A foot-bridge of iron may be built across the Hemavati river near Phalguni village for the benefit of the villagers owning lands on both sides of it, as well as of the people resorting to the Padmavatamma temple.

Reply of Government.—Will be referred to the District Board for consideration.

SUBJECT No. 447.

Restoration of the Baguvalli tank.

Mr. U. Guru Rao of Tarikere Tk.

Summary of discussion.—The restoration of the Baguvalli tank in the Tarikere Taluk was prayed for last year. No rain has hitherto fallen in these parts and famine is likely to appear. People and cattle are sufferinntwag for

of food and fodder. The restoration of the tank will be a boon to the raiyats.

Reply of Government.—The project is under consideration in the Public Works Department.

SUBJECT No. 448.

Repair of the Ramanaikankere tank.

Messrs. Attiganal Shamanna, Baba Sahib and Nandi Abdul Khadar Sahib of Tarikere Taluk.

The members were absent but others spoke.

Summary of discussion.—There are seven major tanks around Tarikere. In consequence of these tanks not receiving a sufficient supply of water, the wet and garden lands depending on them do not receive a sufficient supply of water and the consequence is that both the Government and the raiyats suffer. It is therefore requested that (1) Ramanaikankere may be restored and water led to it from Kalhattitirtha and (2) the Bhagavatikatte and Sunnadakere tanks may be repaired and water led from them to Ramanaikankere. This will have the effect of supplying water to all the tanks. The project has been investigated by the Public Works Department and only awaits sanction.

Reply of Government.—*Vide* Subject No. 449.

SUBJECT No. 449.

Water-supply to Tarikere.

Messrs. Sivappa of the Tarikere Municipal Board and U. Guru Rao of Tarikere Taluk.

Summary of discussion.—It is requested that water may be supplied to Tarikere by means of pipes. The Ramanaikankere tank may be restored and water from the Kalhattitirtha led to it through the Nagannanakere as also from Sunnadakere and Bhagavatikatte tanks and thence supplied to Tarikere. An estimate has been prepared and the proceedings of a meeting of the townspeople regarding the contribution payable therefor has also been sent up, but the work has not yet been taken in hand.

Reply of Government.—This and Subject No. 448 will be considered along with the next budget.

SUBJECT No. 450.

Water-supply to Chikmagalur.

Messrs. B. Janardanaiya and G Abdul Khalik of the Chikmagalur Municipal Board.

Summary of discussion.—The reservoir near the town of Chikmagalur can supply good filtered water for only eight or nine months in the year. During the hot months dirty water is led into the pipes. To ensure a sufficiently good supply of filtered water all round the year, it is requested that an anekat may be constructed across Bhutanvare and water conducted to the reservoir which may also be enlarged.

Reply of Government.—This will be enquired into early.

SUBJECT No. 451.

Repairing the Mahomedan musafirkhana at Chikmagalur.

Mr. G. Abdul Khalik of the Chikmagalur Municipal Board.

The member was absent but others spoke.

Summary of discussion.—The Mahomedan musafirkhana at Chikmagalur was erected after the model of the ancient Bijapur buildings at a cost of Rs. 30,000, and handed over to the care of the Municipality. This is the only building suited for the better class of Mahomedans to put up. For the last few years the building has been in disrepair; and unless immediate steps are taken to repair and preserve the
